Philora

Highly nervous Phil married Ora, triply so.

Thereafter we used Philora as a shorthand
indicating any Apeshit Fit over a trifle.

They never disappointed.

Ora unfortunately unchattered by
some express train of a Big C.

Departed, she, in six months.

Phil grew morose.

But enter Betty!

Corn on the Cob and Apple Pie wholesome!

Calming all around her. Cow-eyed.

He has returned to panic mode nonetheless.

She is rereading her pile of Alfred Hitchcock
magazines.
